**HONOUR. DISCIPLINE. EXCELLENCE.**

A LOOK BACK AT TERM 1, 2026

Capturing the moments.  
Telling our story.

# Chief Editor's Message

Welcome to this edition of our school magazine—one that truly captures the spirit, excellence, and energy of the Moleli family. As you turn these pages, you will not just be reading stories, but reliving moments that have shaped our journey so far in 2026.

This term has been nothing short of remarkable. From outstanding academic achievements, where we emerged the best at O-Level in Mashonaland West and in all Methodist schools, to dominance in sports at the zonal competitions, Moleli has continued to prove that excellence is not accidental—it is a standard we uphold.

Beyond the classroom and the sports field, our learners have shown growth in leadership, spirituality, and responsibility.

Events such as the Prefects' Training, the Methodist Youth Convention, and the impactful activities led by the YEC and MEAG clubs reflect a school that is committed to developing well-rounded individuals. Whether it was planting trees to promote sustainability or raising funds for musical instruments, our students have demonstrated that true leadership lies in service.

We have also celebrated moments of unity and joy—from the vibrant Interhouse Competitions to the uplifting Heaven Saints Band performance. These experiences remind us that school life is not only about achievement, but also about connection, growth, and creating lasting memories.

To our learners, continue striving for greatness and embracing every opportunity placed before you. To our teachers and staff, your dedication remains the backbone of our success. And to our parents and stakeholders, your unwavering support does not go unnoticed—we thank you.

As Chief Editor, I encourage you to read this edition with pride.

Every article, every achievement, and every moment documented here is a reflection of who we are: a community driven by purpose, excellence, and unity.

The journey continues, and if this term is anything to go by, the future of Moleli is undeniably bright.

Enjoy the read.

# PREFECTS TRAINING

*The Prefect Body 2025-2026*

## Prefect Training Workshop (6th–9th January 2026)

What a powerful start to the 2026 academic year!

From the 6th to the 9th of January, our newly appointed prefects took part in an intensive leadership training workshop designed to shape them into confident, responsible, and effective school leaders at Bethel Training Center in Ruwa. This was not just an ordinary orientation—it was a transformative experience.

“What a great beginning to the 2026 Academic year, marked by school leaders possessing exceptional leadership skills, wisdom, and knowledge gained from a specialized leadership training. We not only appoint prefects for our learners but also provide them with training on leadership skills from experienced professionals.”

Throughout the three days, prefects were equipped with essential leadership qualities such as communication, discipline, teamwork, decision-making, and integrity. Through engaging sessions, practical activities, and real-life scenarios, they learned what it truly means to lead—not by authority, but by example.

The training also emphasized responsibility and accountability. Prefects were reminded that leadership is not about power, but about service—serving the school, supporting fellow students, and upholding the values and standards of Moleli High School.

One of the most impactful aspects of the workshop was the interaction with experienced facilitators, who shared valuable insights, challenges, and strategies drawn from real leadership experiences. These sessions inspired and challenged the prefects to think critically and act wisely in their roles.

By the end of the training, it was clear that our prefects had grown—not just in confidence, but in purpose. They are now better prepared to face the responsibilities ahead and to lead with vision and integrity.

As we move forward into the year, we are confident that this group of leaders will set a strong example, maintain discipline, and contribute positively to the school environment.

**The future of leadership at Moleli is bright—and it has already begun.**

## Day 1: Arrival & Setting the Tone

On the first day, the prefects arrived at the training centre and settled into their new environment. There was a sense of excitement mixed with curiosity, as everyone prepared for what lay ahead.

Later in the evening, the training officially began with a meeting session. This was more than just an introduction—it set the tone for the entire program.

Expectations were outlined, roles were clarified, and the importance of leadership, discipline, and unity was emphasized. It was clear from the very start that this training would challenge and build each individual.

## Day 2: Teamwork, Trust & Leadership in Action

The second day was the most intense and engaging, packed with activities that tested both physical and mental strength.

The day began with team-building activities, including the fun yet challenging three-legged race, which required coordination, communication, and cooperation. This was followed by swimming, allowing students to relax while still building confidence and resilience.

One of the most impactful moments of the day was the trust exercise. Prefects were blindfolded and required to rely entirely on one leader who guided them through instructions. This activity emphasized the importance of trust, communication, and responsibility—key qualities of effective leadership.

By the afternoon, the focus shifted to theory. Prefects took out their books and engaged in leadership lessons, where they were taught essential skills such as decision-making, responsibility, discipline, and leading by example.

The day also featured a highly energetic and competitive chain reaction water game. Prefects were divided into two groups. Each group had a bucket of water at one end and a cup at the other. Using only their hands, water had to be passed through a line of about ten participants to fill the cup. The activity was both fun and challenging, reinforcing teamwork, strategy, and persistence.

At the end of this fulfilling day, prefects were proudly awarded certificates for completing the training, marking their growth and commitment to leadership.

### Day 3: Departure & A New Beginning

On the third day, the prefects departed from Bethel Training Centre and returned to school. However, they came back as changed individuals—more confident, more united, and better prepared to lead.

# SPRING INTO EXCELLENCE

## **Official Opening of Schools & Form 1 Orientation**

The 2026 academic year officially began on Tuesday, 13th January, as students returned to school ready to embrace new challenges, opportunities, and growth.

However, before the full reopening, our new Form 1 learners arrived earlier on the 10th of January for their orientation programme. This was a crucial step in helping them settle into their new environment, understand school routines, and feel welcomed into the Moleli community.

What made this orientation even more special was the involvement of our student leaders. Having recently completed their prefects' leadership training, they stepped into their roles with confidence, maturity, and a strong sense of responsibility. They guided the new learners, offered support, and ensured that the transition into secondary school

life was smooth and comfortable.

Through this interaction, the Form 1 students were not only introduced to the school—but also inspired by leadership in action.

This early start set a positive tone for the year, reflecting a school culture built on guidance, unity, and strong leadership.

## **(YEC) Youth and Education Committee Training at DMAC Lifestyle Centre (23rd–25th January 2026)**

The Youth and Education Committee (YEC) of the Methodist Church in Zimbabwe embarked on a transformative three-day leadership and personal development training at DMAC Lifestyle Centre from 23rd to 25th January 2026. This annual training brought together dedicated young leaders, fostering confidence, discipline, and practical skills while combining fun and spiritual growth.

### **Day 1 – Building Confidence and Setting the Tone**

The first day was all about orientation, confidence-building, and team spirit. The YEC Board was introduced to the program, and facilitators instilled key leadership principles and confidence exercises that set the tone for the days ahead.

The girls kicked off the day with lively games of musical chairs, laughter echoing across the centre, while the boys showcased their energy and creativity through dance performances on stage, bringing life and enthusiasm to the start of the program. The first day concluded with everyone enjoying a delicious supper, reflecting on the day's lessons and preparing for the rigorous yet exciting activities ahead.

### **Day 2 – Discipline, Learning, and Outdoor Challenges**

The second day began at the crack of dawn. Boys rose at 5:00 am for a vigorous exercise routine followed by a refreshing swim, demonstrating their discipline and physical stamina. Afterwards, all participants attended morning devotion, grounding the day in faith and reflection.

The day's academic and leadership lessons were engaging and varied, with speakers including:

- Mr. Chakanetsa – leadership principles in youth development
- Mrs. Mhaka – teamwork and organizational skills
- Principal Rev. Mtemasango – spiritual leadership and moral guidance
- Mr. Macherera – practical problem-solving
- Chaplain Rev. Maweni – faith-based motivation
- Senior Boy Steward Clyde Chirowodza – peer leadership and mentoring
- Junior Boy Steward Takomborerwa Guri, Tafadzwa Moga, and Joice Marunda – teamwork, discipline, and engagement strategies

After lessons, the participants enjoyed a hearty lunch before the afternoon activities. The boys continued with structured lessons, while the girls had an energetic swimming session. Later, everyone took part in outdoor and team-building exercises: rolling in mud pools, tug-of-war competitions, athletics challenges, and volleyball and basketball matches, all cleverly integrating lessons on strategy, communication, and resilience. The evening was a perfect blend of recreation and relaxation. Music, dancing, and a braai brought everyone together, reinforcing camaraderie and allowing the youth to unwind while reflecting on the day's accomplishments.

### Day 3 – Spiritual Reflection and Departure

The final day was marked by spiritual reflection and thanksgiving. A moving service, which included Holy Communion, reminded all participants of their purpose as youth leaders and the importance of faith in guiding their actions. With hearts inspired and minds sharpened, the YEC members concluded their training and departed to return to Moleli, ready to apply their new skills and insights in their respective communities.

The YEC training at DMAC Lifestyle Centre was more than a program; it was a holistic experience blending leadership, spiritual growth, discipline, physical activity, and enjoyment. The participants left not just with enhanced skills but with memories of teamwork, laughter, and inspiration, setting a strong foundation for a purposeful year of service and leadership in the Methodist Church in Zimbabwe.

# Interhouse Competitions 2026

A Celebration of Talent and Determination

The 30th of January 2026 will be

remembered as one of the most thrilling and energetic days on the school calendar, as learners gathered for the much-anticipated Interhouse Competitions. The atmosphere was electric from the very beginning, filled with excitement, anticipation, and a strong sense of house pride. Representing their respective houses—White, Rusike, Mamukwa, and Sellers—learners came ready to compete, support, and showcase their abilities.

From the early hours of the morning, the school grounds transformed into a vibrant arena of color, chants, and unity. Each house stood boldly behind its participants, cheering passionately and creating an environment that was both competitive and uplifting. It was not just a sporting event—it was a true celebration of talent, teamwork, and determination.

A flurry of activities marked the Interhouse competitions as learners showcased their sporting prowess across a wide range of disciplines. From track events such as sprints and long-distance races, to field events including long jump, high jump, and relays, every moment was filled with intensity and excitement. Participants gave their all, pushing beyond their limits and demonstrating resilience, discipline, and sportsmanship.

The day was packed with action and had so much to offer. Every race brought suspense, every jump drew applause, and every victory—big or small—was celebrated with pride. The spirit of healthy competition was evident, as learners not only aimed to win but also encouraged one another, showing unity beyond house divisions.

Teachers and officials ensured that the events ran smoothly, while spectators were treated to a spectacle of talent and determination. The energy in the

air was unmatched, with cheers echoing across the field as competitors gave performances that truly reflected dedication and hard work.

At the end of this exhilarating day, the results were announced after careful tallying of points:

- Rusike House emerged as the overall winners, displaying exceptional consistency and dominance across multiple events.

- Mamukwa House followed closely, putting up a strong and commendable performance.

- White House secured third place with notable achievements and determination.

- Sellers House also showed great effort and resilience, contributing to the competitive spirit of the day.

The competition did not end there. The most outstanding athletes were selected to advance to the Zonal Competitions, where they will represent the school and compete at a higher level. This progression is a testament to the depth of talent within the school and the opportunities provided to nurture it.

This remarkable day reinforced an important truth: our excellence extends beyond academics. As a school, we continue to shine in sports, consistently outperforming others and proving that talent here is well-rounded. The Interhouse Competitions served as a powerful reminder that success is not only measured in the classroom but also on the field, where discipline, teamwork, and perseverance are equally important.

Indeed, the 30th of January was more than just a competition—it was a day of memories, achievements, and school pride. The excitement, energy, and passion displayed will not be forgotten anytime soon, as we look forward to even greater victories in the upcoming Zonal Competitions

## Outstanding Academic Achievement – 2026

The 2026 academic results stand as a powerful testament to the culture of excellence at Moleli. Through hard work, discipline, and determination, our learners once again proved that they are capable of achieving greatness. At O-Level, we proudly emerged as the best, a remarkable achievement that reflects the dedication of both learners and teachers. This outstanding performance is a clear indication of the strong academic foundation that continues to define our institution.

At A-Level, we also delivered an exceptional performance, securing 2nd place in Mashonaland West Province. This is no small feat, as it places our school among the very best in the region. It highlights not only academic strength but also consistency in producing high-quality results at the highest level of secondary education.

These achievements are a result of:

- Learners' commitment to excellence and hard work
- Teachers' guidance and dedication to delivering quality education
- Support from parents and the school community

Together, these factors have created an environment where success is not just expected—it is achieved.

This milestone is more than just numbers and rankings; it is a reflection of the Moleli standard—a standard of striving for the best and consistently delivering outstanding results.

As we celebrate this success, we are reminded that this is not the finish line, but a stepping stone to even greater achievements in the future.

At Moleli, excellence is not an event—it is a tradition.

## Welcoming Back Our Lower Sixth

1st February 2026

On Sunday, the 1st of February 2026, the Moleli family proudly welcomed back our Lower Sixth learners, marking the beginning of a new and exciting academic chapter. The day was filled with anticipation, joy, and a renewed sense of purpose as students stepped into a more advanced stage of their academic journey. It was especially heartwarming to welcome back our former Form 4 learners who had excelled in their examinations. Their return was not just a continuation of their education, but a celebration of their hard work, resilience, and determination. They came back stronger, more focused, and ready to take on the challenges of A-Level studies. Their success stands as a source of inspiration to the rest of the student body, proving that excellence is achievable through dedication.

At the same time, we were delighted to welcome new faces into the Moleli community. These new Lower Sixth learners bring with them fresh energy, diverse perspectives, and great potential. Their arrival adds to the richness of our school environment, and we are excited to see them grow academically, socially, and personally.

The welcoming moment was more than just a return to school—it symbolized growth, transition, and new beginnings. Lower Sixth is a crucial stage that demands discipline, focus, and independence, and our learners have already begun to embrace these expectations with confidence.

As a school, we remain committed to supporting and guiding them every step of the way, ensuring that they are equipped not only for academic success but also for leadership and future opportunities.

Indeed, the 1st of February was a day of pride, celebration, and hope, as we welcomed a group of young individuals ready to shape their future and uphold the standards of excellence that define the Moleli family.

# ZONAL COMPETITIONS

## Friday 6 February 2026

### Zonal Competitions 2026 – Dominating the Zone

The Zonal Competitions 2026 were nothing short of extraordinary for the Moleli family, as our learners delivered a performance that firmly established us as the best in the entire zone. It was a moment of pride, excellence, and clear dominance across multiple sporting disciplines.

In track and field events, our athletes were simply unstoppable. With speed, strength, and determination on full display, Moleli secured an incredible 48 gold medals across both track and field categories. From sprints and relays to jumps and throws, our learners consistently outperformed their competitors, showcasing not only talent but also discipline and preparation at the highest level.

Our excellence extended beyond athletics into other competitive areas. In chess, our strategic thinkers demonstrated brilliance and composure, earning an impressive 7 gold medals. Their ability to think critically, plan ahead, and remain calm under pressure set them apart as true masters of the game.

In darts, precision and focus were key—and our learners delivered exceptionally well, securing 12 gold medals. Their accuracy and consistency highlighted the depth of talent within our school, proving that excellence comes in many forms. Overall, Moleli's performance at the zonals was a clear statement: we are not just participants—we are champions. The combination of athletic ability, mental strength, and teamwork ensured that we stood above all other schools in the zone.

This remarkable achievement reflects the hard work of our learners, the dedication of our coaches, and the unwavering support of the entire school community. It also sets a strong foundation as we move forward to higher levels of competition.

Moleli does not follow the standard—we set it.

# Prefects' Badging Ceremony

11th February 2026

The afternoon of 11th February 2026 marked a proud and memorable milestone in the life of our school as we formally inaugurated the 2026 Prefects' Board. It was an occasion filled with pride, dignity, and a strong sense of purpose, as our student leaders officially stepped into their roles.

This afternoon, we formally inaugurated our 2026 prefects board, empowered with knowledge, wisdom, and leadership. The ceremony symbolized more than just the wearing of badges—it represented a commitment to responsibility, discipline, service, and excellence. Each prefect stood not only as a leader but as a role model entrusted with upholding the values and standards of our institution.

The atmosphere was one of celebration and inspiration, as the newly appointed prefects took their oath, pledging to lead with integrity, fairness, and dedication. Having recently undergone intensive leadership training, they carried themselves with confidence and a clear understanding of their duties. It was evident that they are well-prepared to guide, support, and represent the student body throughout the year.

We proudly acknowledge the invaluable support of parents, whose guidance and encouragement continue to shape these young leaders. Our sincere appreciation also goes to the esteemed school authorities for their vision and commitment to nurturing leadership among students. In addition, we extend our gratitude to the School Development Authority, whose continuous support plays a vital role in the growth and success of our school.

The event achieved great success, not only in its organization but also in the powerful message it delivered—that leadership is built, nurtured, and celebrated. It served as a reminder that our school does not merely appoint prefects, but develops leaders who are capable of making a meaningful impact.

Above all, we offer our deepest gratitude to the Almighty, whose guidance and blessings made this special occasion possible.

As the badges were pinned and the ceremony concluded, a new chapter began—one defined by responsibility, service, and excellence. The 2026 Prefects' Board now carries the torch of leadership, and we are confident that they will shine brightly throughout the year.

# Methodist Youth Convention 2026

## A Journey of Faith, Growth, and Excellence

The Methodist Youth Convention 2026 was a powerful and inspiring gathering that brought together young people from across the country for a time of spiritual renewal, learning, and fellowship. Held at Sandringham, the convention created a meaningful platform for youth to grow not only in faith but also in knowledge and character.

The Moleli family was proudly represented by its vibrant and dedicated youths, who carried the school's values with pride and distinction throughout the event. From the moment the convention began, it was clear that this was no ordinary gathering—it was a moment of transformation, reflection, and empowerment. The event was further distinguished by the presence of the Presiding Bishop and the Education Secretary, whose attendance added great significance and inspiration to the occasion. Their messages emphasized the importance of strong moral foundations, discipline, and the role of young people in shaping both the Church and society. Their words challenged the youths to rise above limitations and live lives rooted in purpose and faith.

At the heart of the convention was the Word of God, which served as the cornerstone of the day's proceedings. Through powerful sermons, teachings, and devotions, learners were guided towards deeper spiritual understanding and personal reflection. The sessions encouraged them to strengthen their relationship with God, reminding them that true leadership begins with strong spiritual grounding.

In addition to spiritual teachings, the convention addressed real-life challenges affecting young people today. One of the most impactful segments was a series of lectures on the scourge of drugs in our societies. These sessions were eye-opening and informative, equipping learners with knowledge about the dangers of substance abuse and empowering them to make responsible decisions. The discussions also encouraged youths to become ambassadors of change within their communities,

promoting healthy and positive lifestyles. The convention was not only about listening and learning—it was also about active participation and showcasing talent. Our learners fully immersed themselves in various activities, including a quiz competition and choir performances. Demonstrating both intellectual sharpness and teamwork, the Moleli team excelled in the quiz, emerging in an impressive second-place position. Their efforts were rewarded with a trophy, a proud achievement that reflects their dedication, preparation, and unity. The choir performances were equally uplifting, as voices blended harmoniously in praise and worship, creating an atmosphere filled with joy and spiritual connection. These moments highlighted the creativity and talent of the youths, further enriching the convention experience. Beyond the competitions and teachings, the convention fostered a spirit of unity, friendship, and shared purpose. Learners interacted with peers from different schools and communities, building relationships and exchanging ideas that will continue to inspire them long after the event. In conclusion, the Methodist Youth Convention 2026 was a truly enriching experience for the Moleli family. It strengthened faith, broadened perspectives, and showcased the excellence of our learners. Returning from Sandringham, our youths carried not only a trophy but also renewed purpose, strengthened values, and unforgettable memories. Indeed, this convention was more than an event—it was a stepping stone towards building responsible, spiritually grounded, and empowered young leaders for the future.

## Excellence in Knowledge Quiz Achievement

One of the standout moments of the Methodist Youth Convention 2026 was the outstanding performance of our learners in the quiz competition, where they proudly secured second place, bringing home a well-deserved silver trophy. What made this achievement even more remarkable was the depth of knowledge displayed about the Church. The quiz tested participants on a wide range of topics, including Methodist traditions, church history, biblical teachings, and core values. Our learners rose to the challenge with confidence, demonstrating not only what they had learned in class and church, but also a genuine understanding of their faith. Each round of the quiz was intense and competitive, with teams battling it out through challenging questions that required quick thinking, accuracy, and teamwork. The Moleli team remained composed under pressure, working together seamlessly and supporting one another through every stage of the competition. Their ability to recall information, analyze questions, and respond with precision set them apart as one of the strongest teams present. This silver victory was not just about coming second—it was a reflection of commitment, preparation, and a deep connection to their spiritual foundation. It showed that our learners are not only active participants in church activities but are also knowledgeable ambassadors of their faith. Their success serves as an inspiration to others, proving that when young people take the time to truly understand their beliefs, they can excel and stand out with confidence. The trophy they brought home is more than just a symbol of victory—it represents dedication, unity, and pride in knowing one's church. Indeed, this achievement highlights that at Moleli, we do not only participate—we compete, excel, and make our mark.

# DISTRICT COMPETITION

*On 20 February, our journey began bright and early from Moleli High to Presbyterian High School in Mhondoro. The ride was long and bumpy, but instead of dampening spirits, it energized our athletes, reminding them of the hard work and dedication that had brought them this far. From the moment we arrived, every competitor gave their all—racing on the track, throwing in the field, and thinking strategically in indoor events. Each performance, whether a sprint, jump, throw, or chess match, reflected hours of training, teamwork, and focus. By the end of the day, our determination was rewarded as Mupfure Zone proudly claimed second position overall, a testament to the skill, resilience, and unbreakable spirit of our athletes. It was a day of challenges overcome, lessons learned, and a celebration of excellence that will inspire future competitions.*

# TRACK EVENTS

## ATHLETE OF THE TERM

### WACHIPA – THE TRIPLE CROWN SPRINTER

*When the starting gun fired this term, one name consistently crossed the finish line first – Wachipa.*

*Claiming gold in the 100m, 200m, and 400m, Wachipa didn't just compete – he controlled the track. Speed in the 100m. Power in the 200m. Endurance in the 400m. Few athletes can dominate across all three distances. Wachipa did it in one season.*

*But he didn't stop there.*

*As part of the 4x100m relay team, he proved that greatness is not only about individual medals*

*– it's about teamwork*

*What makes this achievement remarkable is the range.*

*The 100m demands explosive acceleration.*

*The 400m demands controlled stamina.*

*To master both in one meet requires discipline, training, and mental toughness.*

*This term, Wachipa didn't just win races.*

*He set the pace for Moleli athletics.*

*Gold wasn't luck.*

*It was preparation meeting opportunity.*

## ATHLETE SPOTLIGHT PROSPER MANGWENDE (AKA "SABHUKU") THE UNDER-17 POWERHOUSE IN ATHLETICS, SPEED GETS ATTENTION.

*Consistency earns respect.*

*This term, Prosper Mangwende, better known as Sabhuku, proved he is both fast and dependable.*

*Competing in the Under-17 category, Sabhuku claimed:*

- Gold – 200m
- Gold – 400m

*Dominating the 200m requires controlled acceleration and precision on the curve.*

*But what makes his performance even more impressive is versatility. He didn't limit himself to individual events. He also represented Moleli in:*

- 4x100m Relay
- 4x400m Relay
- Medley Relay

*That level of participation shows more than talent – it shows commitment to the team.*

*Where others might focus on personal medals, Sabhuku stepped up wherever he was needed. Whether sprinting on the straight or holding pace in the longer relay legs, he delivered when it mattered.*

*Gold in two disciplines.*

*Multiple relay appearances.*

*Under-17 leader.*

*This season, Sabhuku didn't just run races – he carried responsibility.*

## **TOP FEMALE ATHLETE**

**Zimbiti Nokutenda – The U20 Relay Leader**

**Strength is not only measured in gold medals.**

**Sometimes it's measured in consistency, teamwork, and stepping up when it matters most.**

**Competing in the Under-20 category, Zimbiti Nokutenda delivered a strong and composed performance this term.**

**She secured:**

- **Bronze – 200m**
- **2nd Place – 4x100m Relay**
- **1st Place – 4x400m Relay**

**In the 200m, Zimbiti showed controlled speed and focus, earning a well-deserved podium finish against tough competition.**

**But her greatest impact came in the relays.**

**As part of the 4x100m team, she helped drive the squad to second place – proving that sharp baton exchanges and teamwork can challenge any opponent.**

**In the 4x400m relay, she went even further. With stamina and discipline, she contributed to a first-place finish, helping secure gold for Moleli.**

**Her performances reflect more than athletic ability – they show reliability under pressure.**

**Bronze individually.**

**Silver and gold in team events.**

**Leadership in the Under-20 division.**

**This term, Zimbiti did not just compete – she represented strength and determination on the track.**

**Mhaka Donovan played a key role in the U17 4x400 relay team that proudly secured silver at the competition. With strong pace and determination on the track, he contributed to a performance that brought pride and recognition to the school**

**Tawana Chitenga, aka Molelian Giraffe, towered over the track with his impressive height, running like the wind in both the medley and 4x400 relay to help the team claim silver at the District meet! His long strides, unstoppable energy, and commanding presence made every leg of the race thrilling, earning well-deserved applause and making our school proud**

**Whisper Majasi lit up the U20 4x400 relay with sheer determination and grit, giving every stride His all. His speed, focus, and fearless energy on the track made his performance one to remember, proving that talent and hard work always shine.**

# FIELD EVENTS

Obey Mburuma was simply unstoppable at the District meet, claiming gold in both the high jump and the U20 discus. Towering over the bar in the high jump and unleashing powerful, precise throws in discus, he combined strength, skill, and fearless determination in every event. His electrifying performances captured everyone's attention, proving that dedication and talent can turn any athlete into a school legend. Obey's double gold not only brought glory to himself but also filled our school with pride and inspiration

Spelile Chirenda delivered an outstanding performance in the discus, earning a well-deserved silver medal at the competition. With strength, focus, and determination in every throw, she proudly represented the school and added another great achievement to our athletics record.

Keith Makarichi, competing in the U17 category, displayed outstanding technique and control in the triple jump, earning a well-deserved silver medal. His powerful strides and precise landings highlighted both his skill and dedication, making it a proud moment for the school.

# CHESS AND DARTS

**Tinotenda Sauramba, our darts team captain, showed incredible precision and focus in the competition, hitting every throw with skill and determination. Leading his team with confidence, he's now heading to the provincials with the whole squad, ready to showcase their talent and make the school proud.**

**Chigova Taona gave an impressive performance in the U20 darts competition, demonstrating sharp aim and steady focus throughout. While he won't be proceeding to the provincials this time, his skill and determination made him a standout on the school team**

**Maya D. Kushamba, our U15 girl darts player, showed remarkable focus and precision on the board. Her skill and determination stood out in the competition, making her a rising star to watch in the school's darts team.**

**Sean Mutenha, our U20 darts player, showed great skill and kept a steady hand during his games. His performance made him an important part of the school team and earned him respect from teammates and spectators alike**

**Blossom Mundoga, our U15 girl darts player, displayed sharp skill and calm precision throughout her matches. Her steady aim and determination made her a standout on the school team, hinting at great things to come in future tournaments.**

# OUR PARTICIPANTS FOR THE DISTRICT COMPETITION

## FORM 1

1. Tanatswa Dhlakuseni
2. Nyasha Dokotera
3. Dionne Matambandini
4. Tadiwa Chitapi

## FORM 2

1. **Tawana Wachipa**
2. Takudzwa Masunganidze
3. Ratchel Makwakwa
4. Emmanuel Kahari
5. Tinashe Kapondoro
6. Davis Gatsi
7. Marvelous Khambira
8. Ruvarashe Sauramba
9. Nothando Katsidzira
10. Blossom Mundoga
11. Darryl Mapeza
12. Tafara Chigova
13. Takura Munjere
14. Ethan Takawira
15. Tawonga Mupangabuwe
16. Nokutenda Murumbi

## FORM 3

1. Spelile Chirenda
2. Denzel Chandidzora
3. Shalom Makoni
4. Maya Kushamba
5. Anotidaishe Mupambirei
6. Edward Chomusora
7. Tadiwa Muvirimi
8. Glenda Maraini
9. Daniel Mutukwa

## FORM 4

1. **Prosper Mangwende**
2. Kreeny Matore
3. Keith Makarichi
4. Prince Machengeta
5. Charzel Chakaitwa
6. Tanaka Makonese
7. Anotenda Makinga

## LOWWER 6

1. Tawana Chitenga
2. Donovan Mhaka
3. Sean Mutenha
4. Rejoice Machiweni
5. Rumbidzai Mudzamiri
6. Whisper Majasi
7. Nomsa Danga
8. Emmanuel Bandawa
9. Russel Jari
10. Taona Chigova
11. Thandile Mbangani
12. Prince Muchenje
13. Tanatswa Chikomo

## UPPER 6

1. Obey Mburuma
2. Tinodaishe Maunga
3. Nyasha Musiyiwa
4. Nokutenda Zimbiti
5. Blessing Moyo
6. Regius Kahuni
7. Tinotenda Sauramba
8. Leeroy Knife
9. Morgan Chando
10. Nyasha Kademaunga
11. Gabriella Manyanda

WE WOULD LIKE TO EXTEND OUR HEARTFELT APPRECIATION TO EVERY STUDENT WHO PARTICIPATED AND REPRESENTED US WITH PRIDE AND DETERMINATION. DESPITE THE LONG AND BUMPY JOURNEY, WE REMAINED FOCUSED, UNITED, AND RESILIENT – AND TOGETHER, WE CONQUERED THE CHALLENGES BEFORE US.

YOUR HARD WORK, DISCIPLINE, AND TEAMWORK MADE THE DAY A GREAT SUCCESS.

WE ALSO EXPRESS OUR SINCERE GRATITUDE TO OUR HEAD, MR. GUNDANI, FOR APPROVING AND SUPPORTING OUR PARTICIPATION. WITHOUT HIS LEADERSHIP AND ENCOURAGEMENT, THIS ACHIEVEMENT WOULD NOT HAVE BEEN POSSIBLE.

ABOVE ALL, WE GIVE THANKS TO GOD ALMIGHTY FOR GRANTING US SAFETY, STRENGTH, AND SUCH A SUCCESSFUL EVENT.

# MESSA ATHLETICS

On Friday, 27th February, all roads led to Pakame High School, as athletes from all Methodist schools across Zimbabwe gathered for the much-anticipated MESSA Athletics Competitions. It was a day full of speed, stamina, and sportsmanship, where records were challenged, medals were won, and Moleli athletes proudly represented our school on a national stage.

Early in the morning, our athletes gathered together, seated attentively as the day's program was carefully outlined. There was a quiet sense of focus in the air – no noise, no distractions – just determination. As the officials explained the sequence of events, reporting times, and competition rules, every athlete listened with serious intent, fully aware that the hours ahead would test their speed, strength, and endurance. It was in that calm, disciplined moment that you could already see the hunger to compete and the pride of representing Moleli High.

After the briefing, the atmosphere shifted. Our athletes rose with purpose and began their warm-up sessions, stretching, jogging, and running drills with sharp focus. Laughter faded into concentration as muscles loosened and spikes met the track. Every stride, every stretch, every practice sprint carried intention – this was no longer just preparation, it was the final mental and physical reset before competition. You could see it in their eyes: they were ready

The first events of the day were the long-distance races, followed by field events such as the triple jump. While Moleli did not have representatives in the long-distance races, we proudly had athletes competing in the triple jump. As they stepped onto the field, focus and determination were clear. The event demanded precision, balance, and explosive power, and our athletes embraced the challenge with confidence, setting the tone for the competitions that were still to come.

Our first athlete to step forward and make an impact was Keith Makarichi in the triple jump. With focus and controlled power, he approached the runway determined to set the standard for Moleli. Each phase of his jump – the hop, the step, and the leap – showed precision and confidence. When the final measurements were announced, Keith secured a well-deserved silver medal, earning Moleli its first podium finish of the day. It was more than just a medal; it was the spark that ignited belief in the entire team.

In the Under-15 category, Takudzwa Masunganidze delivered a performance that demanded attention in the discus event. With calm focus and impressive technique, she stepped into the circle

and released the discus with controlled power and confidence. Her throw sailed cleanly through the air, landing at a distance that secured her a well-earned gold medal. It was a moment of strength and precision, proving that Moleli's dominance was not limited to the track but extended confidently into the field events as well.

In the triple jump event, Mpakwe delivered a performance that captured attention. With controlled rhythm along the runway and confident execution in each phase of the hop, step, and jump, she showed both technique and determination. Her effort reflected hard training and composure under pressure, proving that every competitor stepping onto the field was ready to represent Moleli with pride. Though competition was fierce, Mpakwe's display was nothing short of impressive.

The momentum continued in the field events as Daniel Mtukwa stepped up for the Under-17 boys shot put. With strength, control, and solid technique, he powered the shot forward with authority. Each throw showed confidence and preparation, but it was his best attempt that sealed the moment. When the final distance was confirmed, Daniel had

secured a well-deserved gold medal, adding another top finish to Moleli's growing medal count. His performance reflected not just power, but discipline and focus under pressure.

In the high jump arena, Obey Mburuma rose to the occasion – quite literally. With calm focus and sharp technique, he approached the bar with confidence, clearing each height with composure and control. As the bar was raised higher and the pressure intensified, Obey remained unfazed. His final successful jump secured him a well-earned gold medal, marking yet another triumphant moment for Moleli. It was a performance defined by precision, timing, and fearless ambition – proof that limits exist to be cleared.

Moleli's dominance in the throwing events continued in the Under-17 girls shot put, where Spelile stepped into the circle with confidence and determination. With powerful technique and controlled strength, she launched the shot with authority, setting a mark that proved difficult to beat. When the final results were confirmed, Spelile had secured a well-deserved gold medal, adding yet another first-place finish to Moleli's growing medal tally. Her performance was a clear statement – our strength on the field was no coincidence

If his performance in the high jump was impressive, Obey Mburuma was not finished. Returning to the field for the triple jump, he once again displayed explosive power and sharp technique. With a perfectly timed hop, step, and leap, Obey dominated the runway and secured a well-deserved gold medal. His commanding performance confirmed what everyone was beginning to realize – this was not luck, but preparation meeting opportunity. On that day, Obey did not just compete; he owned the field.

In the high jump event, Nyasha Musiyiwa delivered a commendable performance, finishing 4th out of 11 competitors. Competing in a challenging field, she approached each height with focus and determination, clearing multiple levels with steady technique and confidence. Narrowly missing a podium position, Nyasha's effort demonstrated resilience and competitive spirit. Finishing fourth in such a strong lineup was a performance that reflected both skill and growth.

Not limiting himself to jumping events, Obey Mburuma also stepped into the discus arena – and once again delivered. With controlled rotation and powerful release, he sent the discus flying to secure a well-earned silver medal. Adding this achievement to his gold medals in high jump and triple jump, Obey proved his versatility and athletic depth. His performance across multiple disciplines highlighted not just talent, but remarkable endurance and determination throughout the competition.

After securing silver in the triple jump, Keith Makarichi returned to competition in the high jump – and once again rose to the challenge. With controlled approach and sharp timing, he cleared impressive heights, battling through intense competition. His determination earned him another silver medal, adding to his growing list of achievements for the day. Keith's consistency across multiple events proved that his earlier success was no coincidence – he was there to compete at the highest level.

The sprint events continued to showcase Moleli's depth as Prosper Mangwende, also known as Sabhuku, delivered impressive performances in both the 100m and 200m. Competing against fierce opposition, he displayed explosive acceleration in the 100m and controlled speed around the curve in the 200m. In two tightly contested races, Sabhuku secured silver medals in both events, proving his consistency and competitive edge. Finishing just steps from gold in two major sprint disciplines reflected his resilience, determination, and ability to perform under pressure.

This year, we also witnessed something special – the rise of what many proudly called the Bald Squad. Some of our athletes clearly decided to compete with extra aerodynamics, and it showed. The likes of Sabhuku proved that you don't need hair to create waves on the track. While others were busy adjusting hairstyles, he was busy outshining competitors and making Moleli proud. Smooth head, sharp focus, unstoppable energy. And when it came to the relay, the Bald Squad did not disappoint. Working in perfect coordination and showing true teamwork, they powered their way to a well-earned bronze medal. It was a performance full of grit, humor, and determination.

If anything, they reminded us of one simple truth: Talent doesn't grow from your hairline – it grows from hard work.

And this team made that very clear.

As Prosper Mangwende powered through the final meters of the 400m, the excitement on the sidelines was impossible to contain. When he crossed the finish line to secure his gold medal, celebrations erupted – and among the loudest supporters was Mr. Chauke, whose joy was unmistakable as he lifted his white cap high into the air. It was a moment of pure pride and emotion, capturing not just an athlete's achievement, but the unity and spirit that define Moleli athletics.

Zimbiti Nokutenda once again proved her strength on the track in the 200m and 400m events. Competing with determination and focus, she powered through both races with controlled pace and resilience. In two highly competitive finals, Zimbiti secured silver medals in both the 200m and 400m, demonstrating not only speed but impressive stamina. Her back-to-back podium finishes highlighted her consistency and ability to perform at a high level across different sprint distances, making her one of the standout athletes of the competition.

## Provincial Athletics Highlights – Jameson High (11–12 February)

The 11th and 12th of February saw Moleli athletes travel to Jameson High School for the much-anticipated provincial competitions. Our learners rose to the occasion, delivering performances marked by determination, resilience, and pride.

Prosper Mangwende, affectionately known as Sabhuku, ran with exceptional speed and strength, as if chasing the wind itself. He fought for every metre in a highly competitive field, securing a silver medal in the 4×400m relay and a bronze medal in the 400m, a true reflection of his endurance and commitment.

Prince Machengeta also gave a commendable performance, proving his determination on the track. Despite the intense competition in the 4×100m relay, he remained focused and pushed through to earn a bronze medal, demonstrating that perseverance always yields results.

Tawananyasha Wachipa showed incredible grit and heart, running with determination in the 4×400m relay and earning a bronze medal. Her performance was a testament to the power of resilience and teamwork.

In the field events, Obey Mburuma delivered a remarkable performance in the high jump. He went head-to-head with the finalist in a highly intense contest, consistently clearing heights and matching his opponent jump for jump. However, due to an earlier attempt where the bar was knocked down, he was ultimately awarded the silver medal. Nonetheless, his effort and determination were nothing short of outstanding and made the Moleli family proud.

We also recognize Nokutenda Zimbiti, who competed with courage and resilience throughout her events. While she may not have secured a podium finish, her dedication, effort, and fighting spirit embodied the true meaning of excellence.

Overall, the competitions were a great success, with Moleli learners proving that success is not only measured by medals, but by the effort, discipline, and heart displayed on the field.

# The Methodist Church in Zimbabwe Schools post outstanding 2025 Zimsec exam results

THE Methodist Church in Zimbabwe-run schools have once again produced outstanding Grade Seven, O- and A- level results.

This was evidenced by the recently released ZIMSEC examination results. The schools have maintained their dominance within their respective provinces.

In Mashonaland West province, Moleli High School and Sandringham High School have produced the best O- and A- level results for over a decade.

Chegutu Primary School is also charming outstanding results every year. The same applies to the scenario in Mashonaland East province where Waddilove High School, Chemhanza High School, Kwenda High School, Waddilove Primary School and Chemhanza Primary School have also remained top performers in ZIMSEC examinations.

Pakame High and Pakame Primary Schools in the Midlands province are also notable performers.

Not to be outdone is Thekwane High in Matebeleland South province. In the heart of Bulawayo, in Matsheni also lies Bulawayo Methodist High School. This upcoming high school has been improving in leaps and bounds at both the Ordinary and Advanced levels.

In the 2025 ZIMSEC results, the Methodist Church in Zimbabwe-run primary schools realised an upsurge in pass rates. The quality also improved drastically as shown on the tables below.

The primary schools managed to produce a total of 91 candidates attaining between 15 and 10 units.

Major highlights include the quality results produced by Waddilove Primary School, Chemhanza Primary School and Chegutu Primary School. Thekwane Primary, Sandringham Primary and Marshal Hartley (with recently established boarding facilities) also showed massive improvements in their percentage pass rates.

Not to be outdone were the high schools which produced a staggering 258 candidates achieving 15 points or better.

Notable improvements in candidates achieving 15 points or better were realised at Waddilove with 61, Sandringham with 60, Moleli with 57 and Kwenda with 31.

A quick glance at these results reveals that for Advanced Level the percentage of candidates who attained 15 points or better in the individual schools is as follows: at Moleli High 68 percent, Sandringham High 86 percent, at Waddilove High 42 percent of the candidates attained 15 points or better, at Kwenda High 35 percent of the candidates attained 15 points or better, at Pakame High 23 percent of the candidates attained 15 points or better and at Thekwane High 26 percent of the candidates attained 15 points or better.

Such statistics are indicative of high levels of quality that are very difficult to match. Even upcoming schools such as Tinde High, Bulawayo Methodist High and Matthew Rusike Colleged manage to come up with learners who secured 15 points and above.

At Ordinary Level, the Methodist schools posted outstanding performances with remarkable improvements in quality. All the seven established high schools (Moleli, Sandringham, Waddilove, Chemhanza, Kwenda, Pakame and Thekwane), managed to record pass rates ranging between 90 percent and 100 percent.

A total of 413 candidates from all the high schools managed to attain 5As and above as presented in the table below. The quality produced in the individual schools is remarkable.

The tabulated results reveal that at Moleli High 73 percent of the candidates attained 5As or better, at Sandringham High 48 percent of the candidates attained 5As or better, at Waddilove High 35 percent of the candidates attained 5As or better, and at Kwenda High 45 percent of the candidates attained 5As or better.

Such quality results produced by the individual schools clearly show that the Methodist Church in Zimbabwe-run schools are indeed outstanding.

The success realised in the recent ZIMSEC examinations can be attributed to a number of factors. The schools are manned by dedicated principals and school heads who work round the clock to ensure that quality is achieved.

The qualified and dedicated teachers within these schools have also ensured that learners are ably guided. The schools have fully embraced the Heritage-Based Education model.

To this effect all Methodist Church in Zimbabwe schools-run a number of vibrant projects that include piggy banks, poultry, fisheries, dairy, beef, horticulture and apiculture. These give learners the much-needed practical experience and this also contributes to the outstanding ZIMSEC results.

The parents, through the School Development Committee also play an active part by mobilising resources. The other factor worth mentioning is the emphasis on discipline.

In this regard, Methodist schools have managed to address major vices bedeviling youths in most contemporary schools.

The schools have explicit policies that address vices such as bullying, drug abuse, theft and other forms of immoral behaviour.

The Christian values and ethics under which the learners in Methodist Schools are groomed ensure high moral standards in them.

This is aided by the Responsible Authority's stance of deploying full-time chaplains in all schools and these are ably supported by vibrant guidance and counselling departments.

This, coupled with an emphasis on *ubuntu/vumunhu/uhuru*, has contributed so much in carving a niche of academic excellence in the Methodist Church in Zimbabwe-run schools.

The Presiding Bishop — Reverend S. Sithole

Mission Director — Reverend K. Parada

Education Secretary — Reverend D. Muzenda

General Secretary — Reverend L. Molife

## THE METHODIST CHURCH IN ZIMBABWE HIGH SCHOOLS RESULTS ANALYSIS O-LEVEL

	NAME OF SCHOOL	DISTRICT	TOTAL NO. OF CANDIDATES	PASSING WITH 5AS OR BETTER	PERCENTAGE PASS RATE %	SCHOOL HEAD	SCHOOL PRINCIPAL

# WORLD ROBOTICS OLYMPIAD

Our school proudly participated in the World Robotics Olympiad (WRO) competition held at Chinhoyi High School on the 9th and 10th of March 2026. The event for the Mashonaland East Province was sponsored by Girls in STEM Trust and brought together a total of eight schools, all eager to showcase their innovation and technical skills. The competition was well organized and divided into two productive days. The first day was dedicated to organizing our presentations, refining our ideas, and rectifying any faulty hardware in preparation for the judging. On the second day, teams presented their projects and took part in the official competitions, where our tech giants proudly held their ground despite stiff competition from many brilliant and innovative students from other schools. The event featured three competition categories: Elementary, Junior, and Senior, with our school proudly competing in both the Junior and Senior divisions.

# SNIFFER BOT (GAS LEAKAGE DETECTOR)

We gather to honor a remarkable achievement for future inventors. **Takudzwa Dendamera, Sean Urayayi and Piniel Muzenda** has not only built a robot but built a vision of what the future can be.

This is a significant robot which has its name derived from the word sniffing robot. It is a sniffing robot because it senses the presence of harmful gases after a gas leakage and it warns people about that gas

**HOW IT WORKS** If it detects a harmful gas with a lot of parts per million. It warns people through a buzzer and display on the LCD that the environment is toxic. if there is no harmful gas it does not ring the buzzer and displays on the LCD that the environment is safe

## SMART HUT SYSTEM

### PROBLEM STATEMENT

Many homes and small huts lack automated systems to monitor environmental conditions and security threats .Problems such as smoke from fire high temperature ,low lighting and an unauthorized entry can go unnoticed until damage occurs . Manual monitoring is insufficient and unreliable. Therefore an automated smart monitoring system is required to improve safety and automation .

### AIM

The aim of this project is to design a Smart Hut system using Raspberry Pi Pico and sensors that can automatically detect environmental changes and respond by activating alarms, lights and cooling system

Our innovators were **Prince Muchenje, Thandile Mbangani and Donovan Mhaka**

# MURINDI WEGOHWO SYSTEM

Murindi wegohwo system also known as Muchengeti referring to the guardian of the harvest is a system used on small scale to commercial farm . THE MAIN FUNCTION Weighing grains automatically Detecting disturbances on the farm maintaining humidity and temperature conditions. We celebrate not just victory but a vision bought to life .The remarkable achievement of Chirandata Nokutenda ,Chiroodza Tanya and Makiwa Vimbai

## HOW THE SYSTEM WORKS

Weighing of grains is done using the loadcell then the results are shown in the LCD .When detecting disturbances, we need the motion sensor. When motion is detected, the buzzer rings after 3 -5 seconds to alert farmers on the farm from theft. humidity rises and temperature rises to over 30 degrees Celsius the fan automatically turns on and cools the granary. Murindi Wegohwo system is a combined system of weighing, detecting disturbances and monitoring humidity and temperature .

## The Arti-Gaurd Bot

Our innovators where Chirowodza Clyde, Moyo Blessings and Diwura Takudzwa

A robot like which protects valuable artefacts while guiding visitors in a museum or exhibition .The robot uses sensors when someone is approaching and when senses that someone is approaching it greets visitors .It monitors distance is the visitor to the artefact and when the visitor is close places a boomgate and tells that person to step back .

# AGUA BIOMERS (ULTRAHYDRO BOT)

They didn't just built a robot but a champion with creativity ,determination ,and unstoppable energy .Nyandoro Takudzwa ,Kandenga Pearson and Mabvure Phronesis has shown us what the future looks like .This archievement is the proof that innovation is alive and thriving in hands of young visionaries .

The name was derived from using ultra sonic sensor to measure distance of water level The ultrahydro bot uses an ultrasonic sensor to measure and calculate the percentage of water levels in tanks, borehole etc. The robot is designed to alert people in a community about level of water by displaying water percentage on a OIBD and using the 3 warning lights i.e. Red light(low water), Green light(normal) and Blue light (water overflow). A buzzer is a water component that was used to warn people if there was overflow. It is designed to automatically turn on and off water pumps when water is low and when tanks are full with further improvements., **thereby** ensuring accurate water management **without** the water running out and without any wastages.

Our Junior team demonstrated outstanding creativity and innovation through the development of a water monitoring and control system. Their project was designed to detect water levels in a borehole and indicate when the water is low, normal, or exceeding normal levels.

When the water reaches an abnormal level, the system activates a buzzer alert prompting the user to switch off the pump. This helps prevent water wastage and promotes responsible water

Notably, due to their impressive performance and innovation, our Junior team will represent Mashonaland West Province at the National level in Bulawayo.

Junior Team Members:

Takudzwa Nyandoro

Phronesis Mabvure

## Sunday Vibes at Moleli – 16th March 2026

Sunday the 16th of March 2026 was nothing short of electric at Moleli, as the campus came alive with music, energy, and purpose during a vibrant fundraising event organized by the Youth and Education Committee (YEC).

The highlight of the day was the incredible performance by the Heaven Saints Band, who truly brought the house down with their powerful and uplifting music. From the very first note, the atmosphere was charged with excitement as students gathered to enjoy the moment, letting loose and grooving to the beats. The performance created a perfect blend of entertainment and unity, with everyone fully immersed in the experience.

This was not just about fun—it was all for a meaningful cause. The Heaven Saints Band had been invited by the YEC to support a fundraising initiative aimed at purchasing musical instruments. Their willingness to give their time and talent for such a purpose reflects true service and dedication to youth development.

Students turned up in great numbers, showing enthusiasm and strong support for the cause. The event became a beautiful example of what happens when music meets purpose—a community coming together, enjoying the moment while contributing to something bigger than themselves.

A huge shoutout to the Heaven Saints Band for delivering an unforgettable performance and helping make the event a success. Their energy, passion, and generosity left a lasting impression on everyone present.

Indeed, it was a day of great vibes, great music, and great impact—a reminder that at Moleli, we don't just create memories, we also build for the future.

## Educational Visit to Chegutu High School

On Wednesday, the 18th of March, a group of Moleli learners visited Chegutu High School for an enriching and interactive learning experience focused on public speaking, debate, and quiz.

The visit provided a valuable opportunity for learners to sharpen their communication skills, build confidence, and exchange ideas with fellow students. Through engaging sessions and practical activities, participants gained deeper insight into effective speaking techniques, argument structuring, and quick thinking required in quiz competitions.

It was an interesting and productive day, filled with learning, interaction, and growth. The experience not only enhanced our skills but also inspired learners to aim higher in academic and co-curricular activities.

## MEAG Tree Planting Initiative – Going Green at Moleli

As part of a strong commitment to environmental sustainability, the Moleli Environment Action Group (MEAG) led a tree planting initiative aimed at promoting a greener and healthier school environment. This activity marked an important step in encouraging learners to take responsibility for the world around them.

Driven by their vision to “go green,” members of the MEAG club actively took part in planting trees across the school grounds. The initiative was not only about beautifying the surroundings, but also about creating a lasting impact through environmental conservation and awareness. Learners worked together with enthusiasm and purpose, demonstrating teamwork and a shared commitment to protecting nature. Each tree planted represents more than just greenery—it symbolizes life, growth, and a sustainable future for the Moleli community.

This initiative also served as an educational experience, reminding everyone of the importance of caring for the environment and the role young people can play in combating challenges such as climate change and environmental degradation.

Through the efforts of the MEAG club, Moleli continues to take meaningful steps towards becoming an eco-friendly institution, setting an example for others to follow. Going green is not just an idea at Moleli—it is a responsibility we proudly embrace.

## Palm Sunday & Closing Sunday – Opening the Holy Week

On the 29th of March, the Moleli family gathered in unity to commemorate Palm Sunday and Closing Sunday, marking the official opening of the Holy Week. The day was filled with excitement, joy, and a deep sense of spiritual reflection, creating an atmosphere that was nothing short of blissful.

The service was made even more meaningful through a powerful sermon delivered by the Superintendent, Reverend Chakayitwa. His message focused on the importance of trusting in God, reminding us that faith is not determined by our circumstances, but by our willingness to rely on Him completely.

Drawing from the biblical account of Jesus' entry into Jerusalem, Reverend Chakayitwa highlighted how Jesus chose to ride on a donkey—an animal often regarded as humble and insignificant. Yet, in that moment, it became a vessel of greatness.

This powerful illustration served as a reminder that no life is too small or too broken to be used by God. When we walk with Christ, even what seems insignificant can be transformed into something meaningful and impactful.

The message challenged learners to reflect on their own lives and to trust that, with God, they have purpose and value. As we opened the Holy Week, this teaching set the tone for a period of spiritual growth, renewal, and deeper faith. Indeed, it was a memorable and uplifting day, one that reminded us all of the power of faith and the beauty of walking with God.

# YEC Tree Planting Initiative

## Greening Moleli

In a commendable effort to promote environmental responsibility and enhance the beauty of the school, the Youth and Education Committee (YEC) carried out a tree planting initiative in the parkland area. This activity was not only a step towards creating a greener environment but also a reflection of the values instilled during their recent training at DMAC Lifestyle Centre. The initiative was inspired by DMAC's emphasis on environmental stewardship and community development, encouraging young leaders to take practical action in improving their surroundings. Bringing this vision back to Moleli, the YEC took it upon themselves to make a visible and lasting impact within the school.

Learners actively participated in the planting process, working together with enthusiasm and a shared sense of responsibility. Each tree planted symbolized growth, sustainability, and a commitment to the future. The parkland, once ordinary, is now steadily transforming into a more vibrant and welcoming space that will benefit both current and future generations. Beyond beautifying the school, the activity served as an important lesson in care for the environment. It reminded learners that leadership is not only about words and positions, but also about taking initiative and making meaningful contributions to the community. This tree planting exercise stands as a powerful example of how training and learning can be translated into action. Through this initiative, the YEC has shown that positive change begins with small steps—and that together, we can build a greener, more beautiful Moleli.

**YEC Tree Planting Initiative**

On the 30th of March, the Youth and Education Committee (YEC) carried out a meaningful tree planting initiative aimed at beautifying the school and promoting environmental sustainability. The occasion was made even more special by the presence of the CEO of DMAC Lifestyle Centre, the same place where the YEC members had earlier received their training. Mr Chakanetsa generously brought trees as a gift to the school, reinforcing the values taught during their time at DMAC.

Each YEC member actively participated in the initiative, with every member planting two trees of their own, symbolizing personal responsibility and commitment towards preserving the environment.

The day commenced with an inspiring address from Mr Chakanetsa, who spoke passionately about leadership and environmental stewardship. He encouraged learners to take action and care for the environment, emphasizing that even if tomorrow were uncertain, it remains our duty today to keep the earth green.

The event concluded on a high note, with the school leadership, including the Principal, Head, and Chaplain, each planting their own trees. This symbolic act reinforced unity and the shared responsibility of the Moleli family in nurturing and protecting the environment. Indeed, it was a powerful and impactful day, one that connected leadership, training, and action into one meaningful initiative

## Closing Assembly

### A Call to Responsibility and Excellence

On the 31st of March, the Moleli family gathered for the Closing Assembly, a moment of reflection, guidance, and preparation as the first term of 2026 came to an end. The assembly was led by the Principal, Reverend Mtemasango, followed by the Head, Mr Gundani, both of whom delivered impactful messages to the learners.

Reverend Mtemasango opened the assembly with words of wisdom and guidance, urging learners to remain disciplined and responsible at all times. He emphasized the importance of doing the right thing even when no one is watching, reminding students that true character is revealed in moments of privacy, not supervision.

He went on to caution learners against drug abuse, highlighting its destructive effects on both academic progress and personal well-being. In addition, he encouraged students to choose their friends wisely, as the company one keeps plays a significant role in shaping their future. Respect for parents was also stressed, especially during the holiday period, as learners return home to their families.

He concluded his address by wishing all learners a happy and safe holiday, encouraging them to uphold the values of the school wherever they go.

The address was then handed over to the Head, Mr Gundani, who focused on academic performance and improvement. He spoke about the importance of engaging in meaningful discussions and adopting effective strategies to move from lower grades to higher levels of achievement.

In recognition of excellence, Mr Gundani called forward the top five performers from each class, celebrating their hard work and dedication. However, he expressed concern over the Form 4 results, which were not as pleasing as expected. He challenged them to “pull up their socks” and take their studies more seriously, especially as they prepare for

crucial examinations.

Learners were encouraged to study diligently during the holiday, utilize their time wisely, and avoid engaging in negative activities. He urged both boys and girls to aim high, setting ambitious targets such as achieving 9 As, and to remain focused on their academic goals.

The Upper Six learners were commended for their outstanding performance, having produced commendable results that reflected hard work and determination. Mr Gundani congratulated all learners who performed well and encouraged everyone to prepare thoroughly for upcoming final examinations.

Going the extra mile, he emphasized the importance of consistency and self-discipline, even during the holidays. He reminded learners to know what they want in life and to work tirelessly towards achieving it.

A serious concern raised was the abuse of laptops and Wi-Fi, which he warned could negatively impact academic performance if misused. He reminded students that laptops should serve as a repository of knowledge, but true understanding must come from the mind through active learning and effort.

He concluded his address by wishing all learners joyful and productive holidays, encouraging them to return ready to work harder and achieve greater success.

The assembly ended on a hopeful note, with learners reminded that schools will reopen on the 11th, marking the beginning of another opportunity to strive for excellence

## Welcoming Our New Chaplain

On the 31st of March, the Moleli family gathered in great joy and celebration to officially welcome our new Chaplain, Reverend Maweni, in a vibrant and memorable ceremony. The occasion was marked by a lively and well-organized party that reflected the unity, warmth, and spirit of togetherness within the school community.

Reverend Maweni joins us from the Methodist Church in Zimbabwe, bringing with him spiritual guidance, experience, and a commitment to nurturing the moral and spiritual growth of learners. His arrival marks the beginning of a new chapter in the spiritual life of the school, one filled with hope, renewal, and strengthened faith.

He takes over from Reverend Masiyiwa, who departed from the school in 2025 after faithfully serving the Moleli community. We remain grateful for Reverend Masiyiwa's dedication, guidance, and the lasting impact he made during his time with us. As we bid him farewell, we also embrace the opportunity to grow under new leadership.

The welcoming event itself was nothing short of outstanding.

Learners and staff came together in high spirits, creating an atmosphere filled with excitement, music, and celebration. It was a moment that not only marked a transition in leadership but also strengthened the bond within the Moleli family.

Above all, the day stood as a reminder of the importance of spiritual leadership in shaping well-rounded individuals. As a school rooted in strong values and faith, we are confident that Reverend Maweni will play a vital role in guiding learners on their spiritual journeys.

Indeed, it was an awesome and unforgettable day—one that symbolized new beginnings, continuity of faith, and the bright future ahead for the Moleli community.

# ✨ Closing Remarks

As we bring this remarkable first term of 2026 to a close, we reflect with pride on all that has been achieved. From academic excellence to sporting triumphs, spiritual growth, and leadership development, this term has truly been one to remember.

Every event, every competition, and every moment has contributed to shaping the Moleli spirit—one of determination, unity, and excellence. It is clear that as a school, we continue to rise, setting higher standards and achieving greater heights together.

As we look ahead, we are filled with anticipation and excitement for what the next term holds. With the same energy, commitment, and passion, there is no limit to what we can accomplish.

To all learners, staff, and the entire Moleli family, we wish you a restful and enjoyable holiday. Take this time to recharge, reflect, and return even stronger.

*May God bless you all.*

MNN PRESIDENT

*Sean Mutenha*
